I'm going to try and make it (and had fully intended to). But unfortunately I've run out of a prescription and need to camp on my doctor's doorstep as soon as her office opens at 9am in order to get it refilled. If she's got an early cancellation, I should be out immediately. If not, I need to wait.

A quick update on Mellon: Maryann, Phil, and I spoke about it in relation to the other initiatives just before Thanksgiving. I emailed Don after the long weekend to propose a call and reporting on some of our recent successes in getting subscribers. Haven't heard back as of yet.
